Send Reminder

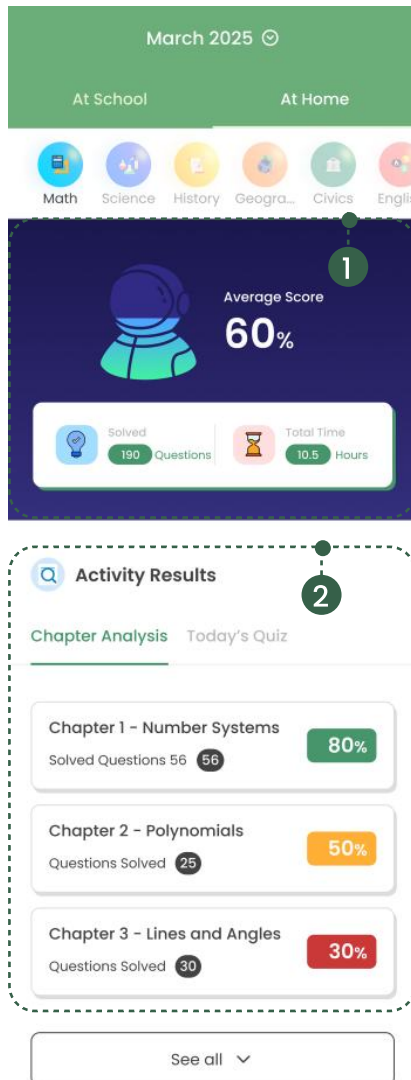

2

1 View Specific Information

See complete details for each homework assignment – including deadline, number of questions, subject, and assignment date

2 Child Performance

Parents can send a reminder notification to ensure their child completes the homework on time

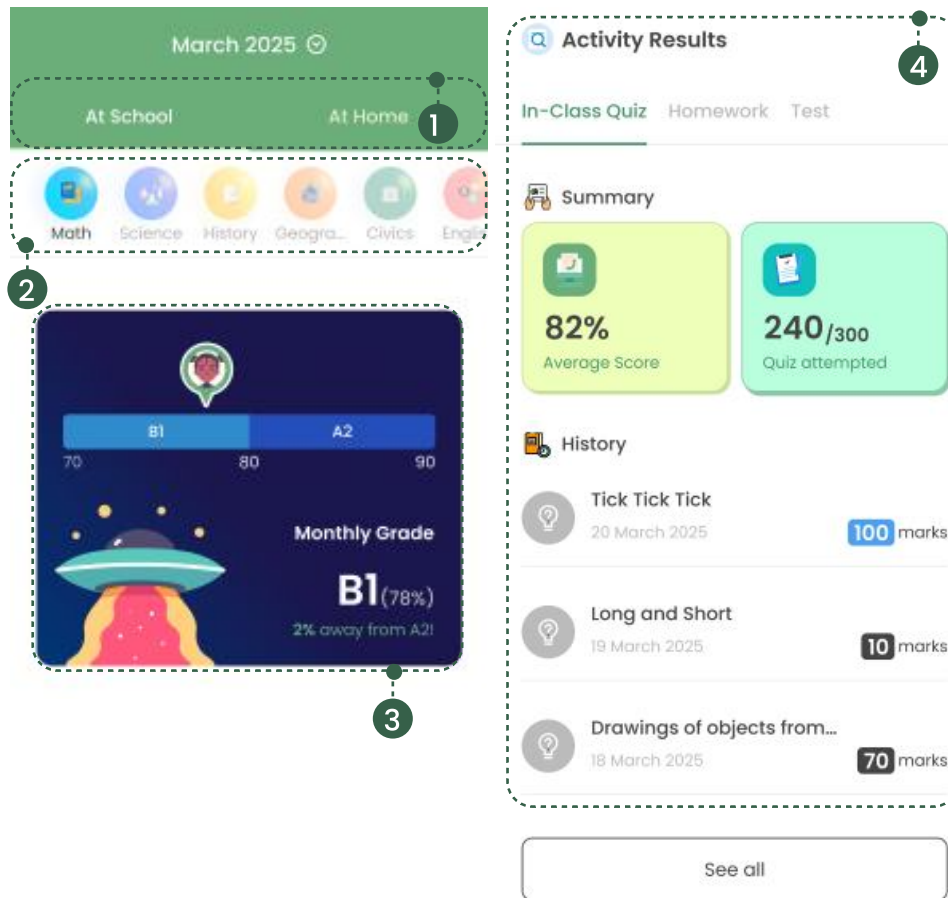

1 Home Study Summary

Displays your child's average score, total questions solved, and total study time using the Saathi app at home.

2 Activity Results

Provides a breakdown of chapter analysis and today's quiz performance, showing progress and accuracy for each chapter

1 Type Selection

Toggle between At Home and At School to view performance data based on different learning environments

2 Subject Selection

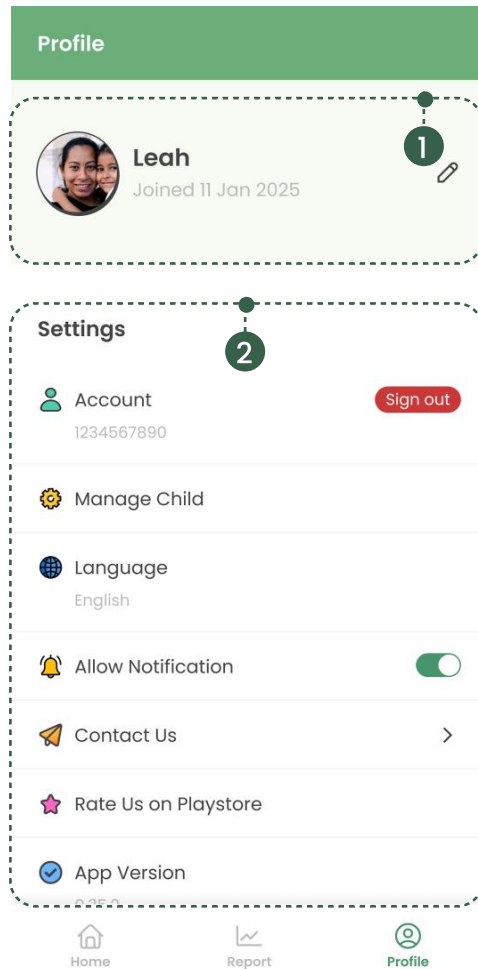

Choose a specific subject to see detailed progress and performance reports

3 Monthly Grade Visualization

See a visual representation of your child's monthly grade – including their level and progress toward the next tier

4 Activity Results

Track quiz, homework, and test scores – including average scores, number of attempts, and completion history

1 Edit Photo

Update your profile picture

2 General

Manage app preferences: change language, enable notifications, manage child accounts, contact support, check the app version, rate the app, or delete your account if needed
